MAY 25, 2025 - CATHOLIC RELIEF SERVICES

Catholic Relief Services, an organization of the [U.S. Conference of Catholic Bishops](#), is a pro-life organization dedicated to preserving the sacredness and dignity of human life from conception to natural death. Every aspect of our work is to help life flourish. We are resolute in our commitment to the Church and its teaching.

Guided by the [Principles of Catholic Social Teaching](#); governed by a [USCCB-appointed board](#) of bishops, religious, and lay people; CRS works in over 100 countries to assist people of all backgrounds, working side by side with others so they can lift themselves out of poverty, assisting during emergencies and enabling people to build the resiliency they need to stand on their own. Thank you in advance for helping to make a difference.

And the king will say to them in reply, 'Amen, I say to you, whatever you did for one of these least brothers of mine, you did for me.' Matthew 25:40

Spiritual Adoption Tree - Week 36 - Your baby's lungs are ready for the outside world! When your newborn inhales for the first time – within about 10 seconds after delivery – their lungs expand, and any fluid remaining in the alveoli is replaced with air.

Your baby's bones are hardening, though they're still softer than an adult's. Some are made entirely of flexible cartilage that's gradually replaced by bone throughout childhood. Fun fact: Newborns are born with more than 275 bones, but adults have only 206. That's because some bones fuse together over time. [www.babycenter.com](#)
